Login

ZEGO runs in your web browser. Simply enter your username and password to get started.

1 Enter the ZEGO address in your browser

Type **zego-blue.vercel.app** in the address bar and press Enter.

2 Enter your username

Enter the username provided by your administrator. (e.g. **icn** , **gmp**)

3 Enter your password

Enter your password. The default initial password is **\$eastar12** .

4 Click the Login button

Click the red **Login** button.

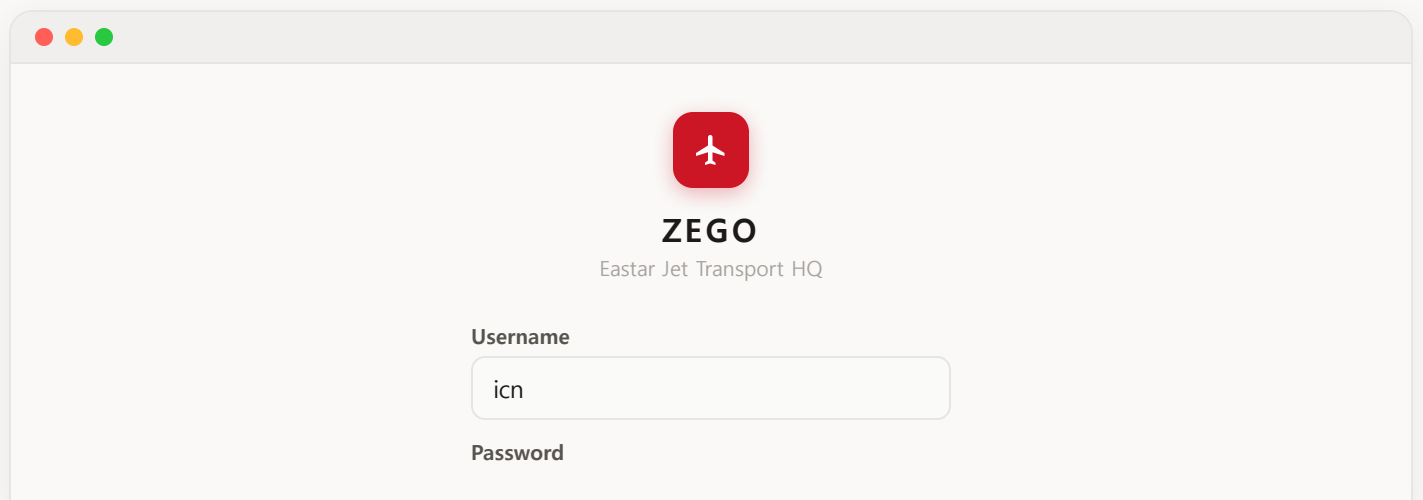

5 Change initial password (first login only)

When you log in with the initial password, you will be **automatically redirected to the password change screen**. You must set a new password before you can access the dashboard.

🕒 The initial password is \$eastar 12. On your first login, you must change it to a password only you know.

⚠️ Your account will be locked after 5 failed password attempts. If your account is locked, contact your administrator.

🕒 You will be automatically logged out after 30 minutes of inactivity. Save your work regularly during important tasks.

The screenshot shows a web browser window with the ZEGO login interface. At the top center is a red square logo with a white airplane icon. Below the logo, the word 'ZEGO' is displayed in a bold, black, sans-serif font, followed by 'Estar Jet Transport HQ' in a smaller, lighter font. Underneath, there are two input fields. The first is labeled 'Username' and contains the text 'icn'. The second is labeled 'Password' and is currently empty. The browser's address bar is visible at the top, showing the URL 'zego-blue.vercel.app'.

02 · DASHBOARD

Overview at a Glance

This is the first screen you see after logging in. You can immediately check your branch's stock status and today's transaction count.

1 Check the summary cards

Blue shows the number of active branches, purple shows form types, green shows today's processed transactions, and yellow shows items with low stock.

2 Review low stock warnings

Items highlighted in red in the table have zero stock right now. Items in yellow are below the minimum threshold.

3 Navigate using the left menu

Click any item in the left sidebar to navigate to the corresponding feature. Memorizing frequently used menus will help you work faster.

How Much Stock Do We Have?

Check which forms are available and how many are in stock at your branch. Color-coded status indicators let you see the situation at a glance.

1 Left menu → Click Stock Status

After logging in, click **Stock Status** in the left sidebar.

2 Read the color-coded stock status

OK Green: Stock is sufficient.

Low Yellow: Stock is below the minimum threshold.

Empty Red: Stock is at 0.

3 Use search to find items quickly

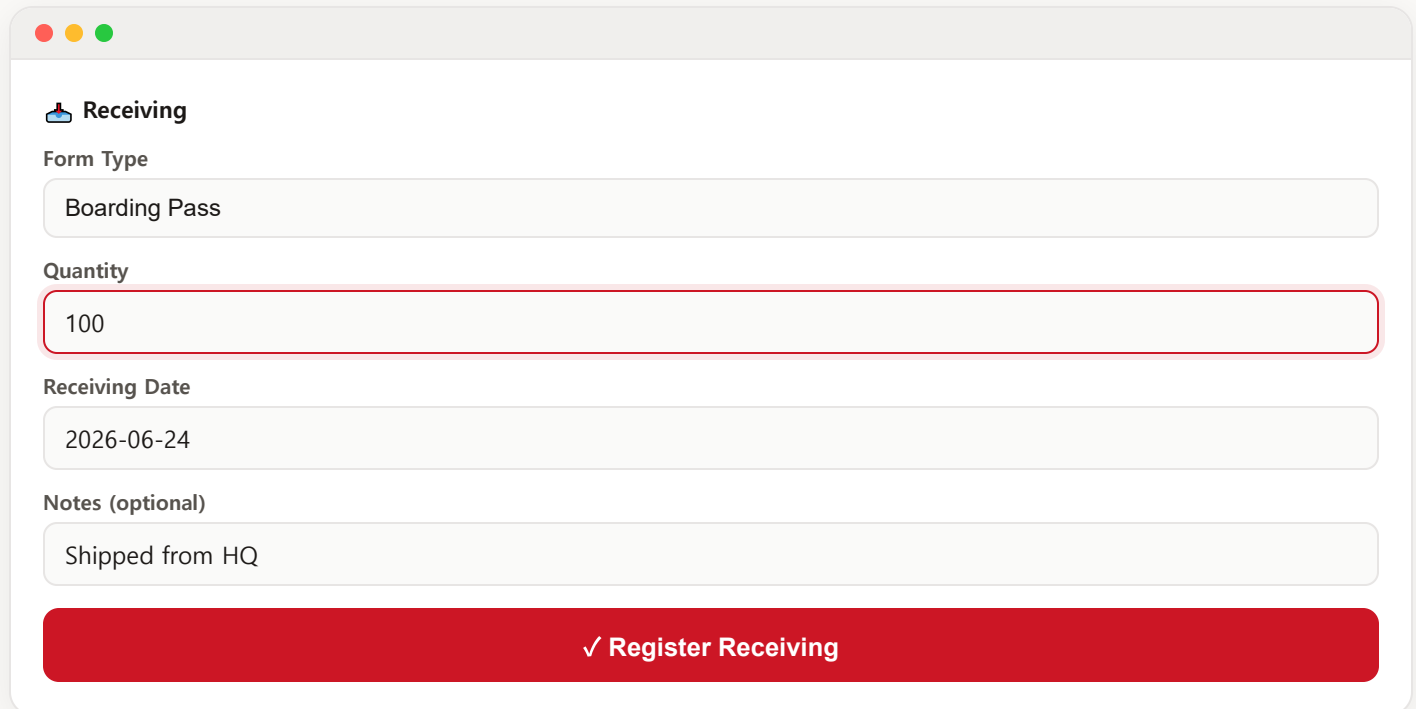

Type a form name in the search box to filter the list instantly.

🕒 Administrators can view stock for all branches. Branch staff can only see their own branch.

Stock Status		
🔍 Search forms...		
Form Name	Current Qty	Status
Boarding Pass	42	OK
Baggage Tag	2	Low
Special Baggage Receipt	0	Empty
Cabin Carry-On Confirmation	18	OK

When New Stock Arrives

Register new forms received from headquarters or other branches. Recording a receiving entry increases your stock quantity.

Receiving

Form Type

Boarding Pass

Quantity

100

Receiving Date

2026-06-24

Notes (optional)

Shipped from HQ

✓ Register Receiving

- 1 Left menu → Click Receiving**
Click **Receiving** under the Inventory section.
- 2 Select the form type**
Choose the name of the received form from the dropdown list.
- 3 Enter the quantity**
Enter the exact number of forms received.
- 4 Confirm the date and register**
Today's date is pre-filled automatically. Correct it if necessary. Click **Register Receiving** to complete.

✓ Once the receiving entry is saved, you can immediately see the updated quantity in Stock Status.

When Forms Are Used

Record forms consumed for passengers as a dispatch. Recording a dispatch reduces your stock quantity.

1 Left menu → Click Dispatch

Click **Dispatch** under the Inventory section.

2 Select the form type

Select the type of form that was used.

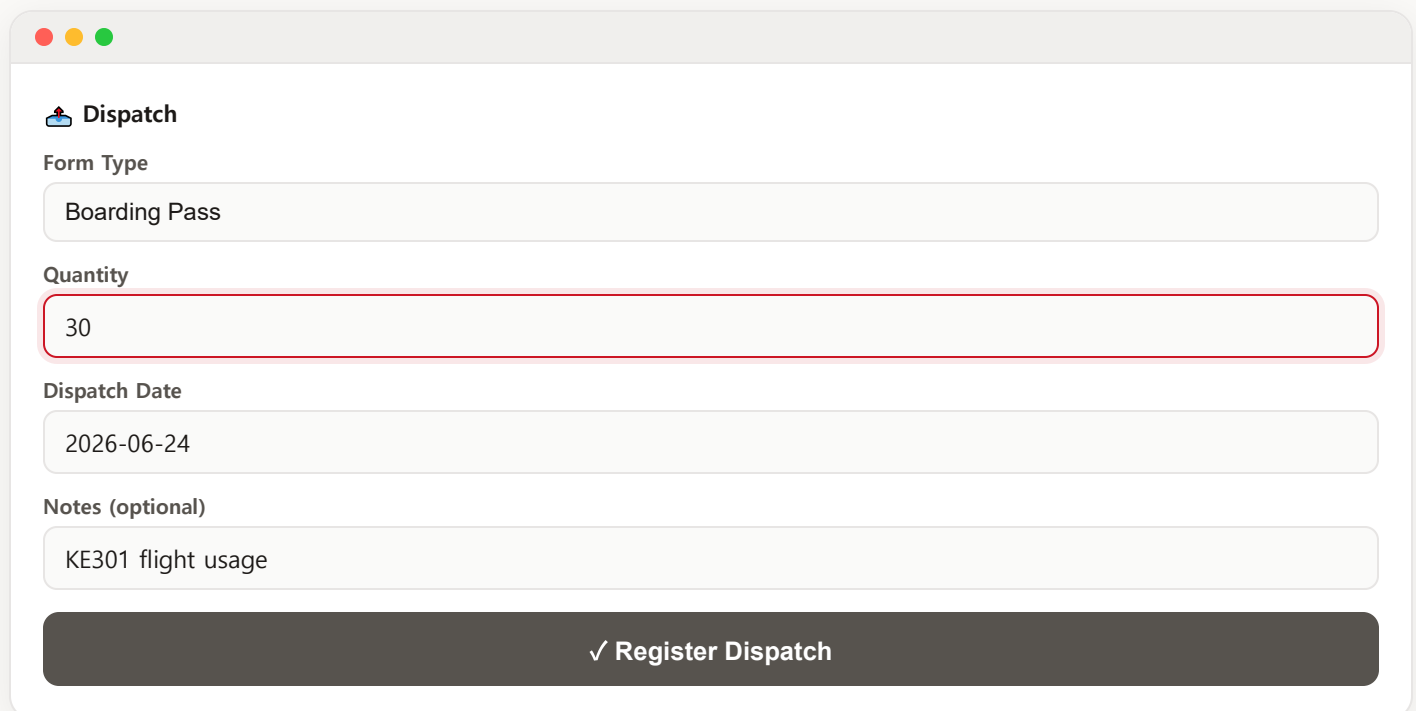

3 Enter quantity and date

Enter the number of forms used and the date.

4 Click the Register Dispatch button

Click **Register Dispatch** to deduct that quantity from your stock.

⚠ You cannot dispatch more than the current stock quantity. If stock is insufficient, process a receiving entry first or request a transfer.

The screenshot shows a web application window titled "Dispatch" with a sub-header "Form Type". Below this, there are four input fields: "Form Type" (containing "Boarding Pass"), "Quantity" (containing "30" and highlighted with a red border), "Dispatch Date" (containing "2026-06-24"), and "Notes (optional)" (containing "KE301 flight usage"). At the bottom of the form is a large dark button labeled "✓ Register Dispatch".

Dispatch

Form Type

Boarding Pass

Quantity

Dispatch Date

2026-06-24

Notes (optional)

KE301 flight usage

✓ Register Dispatch

Dispatch Multiple Form Types at Once

Use this when you need to dispatch multiple form types simultaneously. Instead of registering each dispatch separately, you can handle them all in one step.

 **Bulk Dispatch**

Dispatch Date

2026-06-24

Form	Current Stock	Dispatch Qty
Boarding Pass	42	20
Baggage Tag	15	10
Cabin Carry-On Confirmation	18	5

✓ Register Bulk Dispatch

- 1 Left menu → Click Bulk Dispatch**
Click **Bulk Dispatch** under the Inventory section.
- 2 Enter the dispatch date**
Today's date is pre-filled automatically.
- 3 Enter dispatch quantities for each form**
Enter the quantity to dispatch in the right column of the table. Leaving a value at 0 means that form will not be dispatched.
- 4 Click Register Bulk Dispatch**
Clicking the button will process all entered forms in a single dispatch operation.

Sending Forms to Another Branch

Use this when another branch needs forms or when you need to receive forms from another branch. The request must be approved by the receiving branch before it is completed.

● Requesting a Transfer (Sending to Another Branch)

1 Left menu → Click Transfer

Click **Transfer** under the Inventory section.

2 Select the destination branch

Select the branch to send forms to from the dropdown. (e.g. GMP, CJU)

3 Enter form and quantity, then submit

Enter the form type and quantity, then click the **Request Transfer** button.

● Receiving a Transfer Request (Another Branch Has Requested Forms from You)

1 Check the notification badge

When a transfer request arrives, a numbered badge will appear next to **Transfer** in the left menu.

2 Review the request details

Check which branch is requesting, what form type, and how many units.

3 Approve or Reject

Click **Approve** if you can fulfill the request, or **Reject** if stock is unavailable. **A reason must be provided when rejecting.**

🕒 When a transfer request is **approved or rejected**, the requesting branch is notified by email.

🕒 You can review your own transfer history in [My Transfer History](#) in the left menu.

🔄 Transfer Inbox 2

From Branch	Form	Qty	Action
GMP	Boarding Pass	50	Approve Reject
CJU	Baggage Tag	20	Approve Reject

Request Transfer

View All Past Activity

Review all transactions — receiving, dispatch, transfers — that have been processed. A complete record of what was done and when is always available.

A screenshot of a web application window titled "Transaction History". It features a header with a document icon and the title. Below the header are two filter boxes: "All Types" and "2026-06". The main content is a table with four columns: "Date", "Type", "Form", and "Qty". The table contains four rows of transaction data.

Date	Type	Form	Qty
06-24	Receiving	Boarding Pass	+100
06-24	Dispatch	Boarding Pass	-30
06-23	Transfer	Baggage Tag	→20
06-22	Dispatch	Cabin Carry-On Confirmation	-15

1 Left menu → Click Transaction History

Click **Transaction History** under the Records & Analysis section.

2 Filter by period and type

Select the period (month) you want to view and filter by type: **Receiving** , **Dispatch** , or **Transfer** .

3 Understand quantity color codes

Green +number means receiving (stock increased), red -number means dispatch (stock decreased), and purple means transfer.

🕒 There is an Excel download button available. Use it when you need to submit a report.

Analyze Usage Trends

View monthly usage statistics and forecast future stock requirements. This helps you prepare inventory in advance.

1 Click the Reports menu

Click **Reports** under the Records & Analysis section in the left menu.

2 Select a period

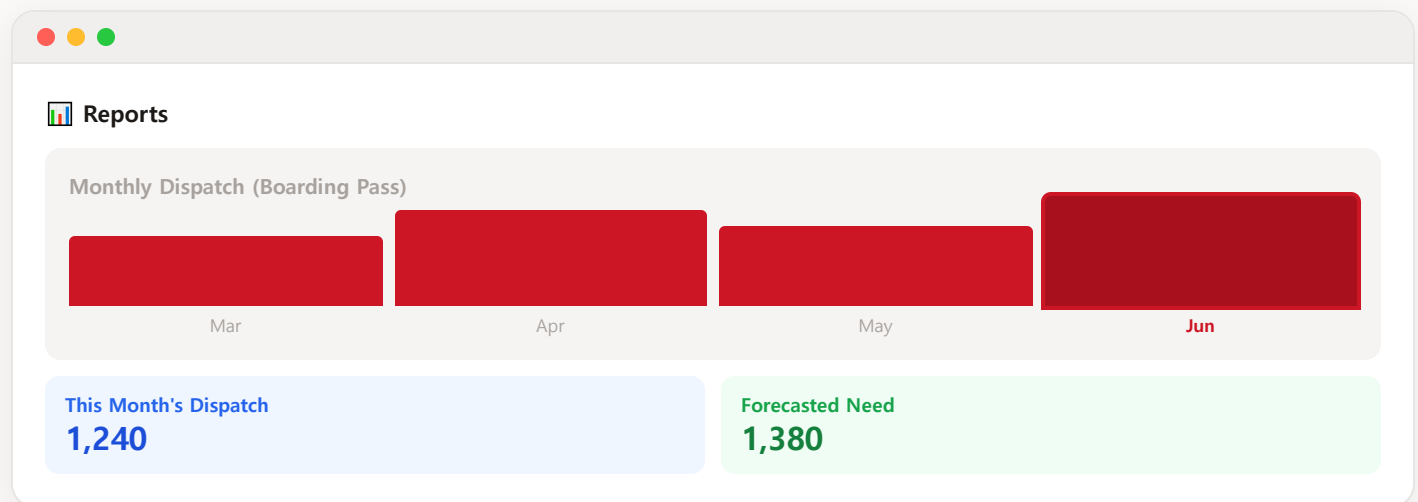

Choose the period to review. Monthly statistics are displayed as a bar chart.

3 Check the demand forecast

Click **Demand Forecast** in the left menu to see automatically calculated estimates of future stock needs based on historical usage.

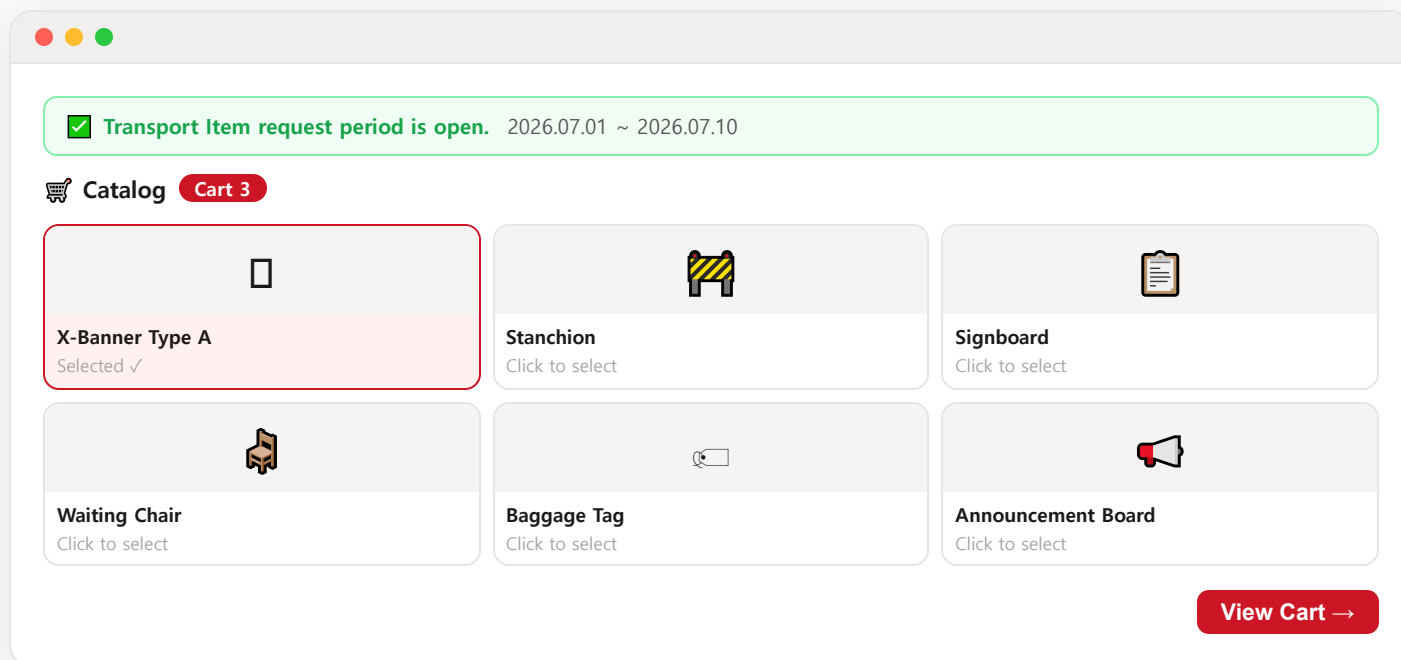

4 Check the flight schedule

View flight schedules by flight number in the **Flight Schedule** menu.

Request Supplies

Browse the catalog to select supplies you need — X-banners, stanchions, signboards, and more — just like shopping online. Add items to your cart and submit a request. **There is a set application period**, so check the dates first.

- 1 **Check the application period**
If a **green banner** is displayed at the top of the catalog page, requests are currently open. A yellow warning banner means the period is not active.
- 2 **Left menu → Click Catalog**
Click **Catalog** under the Catalog section.
- 3 **Click the items you need**
Click an item to enter a quantity. Selected items are highlighted with a red border.
- 4 **Review your cart**
Click the **Cart** button in the top right or navigate to **Request Cart** in the left menu.
- 5 **Submit the request**
Confirm quantities in your cart and click **Submit Request**.
- 6 **Check request status**
You can check the approval status of your requested supplies in **Request History** in the left menu.

⚠ If the application period is not active, adding items to the cart and submitting requests will both be blocked. Always check the dates!

Requesting Transport Forms

When headquarters opens a transport form request period, you can submit requests for the forms your branch needs.

1 Left menu → Click Transport Form Request

Click **Transport Form Request** under the Transport Form section.

2 Check the application period

Requests are not accepted outside the application period. The period is set by the administrator and displayed on the page.

3 Enter required forms and quantities

Enter the quantity needed for each form. Current stock and recent usage are shown alongside for reference.

4 Submit the request

Click the **Submit Request** button. The administrator will review and either approve or reject it.

5 Check the result

You can check the approval/rejection result in **My Request History** in the left menu. You will also be notified by email when a decision is made.

⚠ Requests cannot be submitted after the application period has ended. Always check the dates!

 Transport Form Request

Application Period: 2026.06.20 ~ 2026.06.30

Form Name	Current Stock	Request Qty
Boarding Pass	42	200
Baggage Tag	2	100
Cabin Carry-On Confirmation	18	0

Submit Request

My Request History

Date	Status
06-20	Approved
06-24	Under Review

Admin Functions

 Visible only when logged in with an administrator account

In addition to all branch staff features, administrators can manage users, process requests, and configure application periods.

User Management

Create and delete staff accounts. New accounts are automatically assigned the initial password \$easter 12, and users are forced to change it on first login. Resetting a password also reverts it to \$easter 12.

Menu: Admin → User Management

Transport Form Request Processing

Approve or reject transport form requests submitted by branches. The result is communicated to the branch by email.

Menu: Admin → Transport Form Request Management

Transport Form Application Period

Set the period during which transport form requests are accepted. Branches cannot submit requests outside of this period.

Menu: Admin → Application Period Settings

Transport Item Application Period

Set the period during which catalog supply requests are accepted. Outside this period, adding items to the cart and submitting requests will both be blocked.

Menu: Admin → Transport Item Application Period

Branch Email Management

Register the contact email address for each branch. Request result notifications are sent to the address registered here.

Menu: Admin → Branch Email Management

How to Approve / Reject a Transport Form Request

1

Menu → Transport Form Request Management

The list of requests will be displayed.

2

Review the request details

Check the branch name, requested form type, and quantity.

3

Click Approve or Reject

Clicking **Approve** lets you choose full or partial approval. Clicking **Reject** requires you to enter a reason.

4

Automatic email notification

As soon as the decision is made, the result is automatically sent to the registered email address of the relevant branch.

Change Your Password

When you log in with the initial password (\$easter12) for the first time, you will be **automatically redirected to the password change screen**. After that, you must change your password every 180 days (approximately 6 months). If the period has expired, the change screen will appear immediately upon login.

ⓘ The initial password for new accounts is \$eastar 12. On first login, you will be forced to change it. You cannot access any other menu until the change is complete.

1 Bottom of left menu → Change Password

Click **Change Password** at the very bottom of the sidebar. (On first login, you will be taken there automatically.)

2 Enter your current password

Enter the password you are currently using. (If this is your first time, enter **\$eastar12**.)

3 Enter your new password twice

Enter your new password, then enter it again to confirm.

4 Complete the change

Click the **Change Password** button and the new password takes effect immediately.

⚠ If you have forgotten your password, ask your administrator to reset it. After a reset, your password reverts to \$eastar 12 and you will be forced to change it again.
